Document Body

Marcia and Sanjay - Attached is what I hope is the final version of the Program Improvement Workplan. I am also attaching a mark-up so that you can see what changes have been made. The changes were made at the request of Bharat and Susan -- some changes address readability (with a focus on ensuring that non-governmental reviewers will be able to follow the document) and some were made to address both Susan's and Bharat's understanding of how the IPCB process works. I don't anticipate that you will have issues with the document; however, I wanted to make sure you saw the latest version. Our plan is to get it up for RA signature by Friday. Let me know if you have any questions. Thanks
